Remote Training, Tracking & Bark Control Collars

Choose from our carefully selected electronic management products to *teach basic training* commands, *track your dog*, or help *break bad habits*.

Looking for a GPS Tracking Collar? We can help you with that. Locate multiple dogs with reliable accuracy.

Unwanted behavior from your dog can be frustrating and create a tense environment in your home. Neighbors are never thrilled to live next door to “that dog that barks constantly”, either. We offer a variety of reliable solutions to help moderate these issues.

► What Can I Do With A Training or Tracking E-Collar?

- **Basic Obedience Training** Train your dog to perform basic commands, or correct unwanted behavior. We recommend professional dog training to accompany a full collar training plan.
- **Correct Unwanted Behavior** Jumping on people or furniture, digging holes, chewing the garden hose or door frame... You can help your dog learn to curb destructive habits like these.
- **Advanced Field Training** Pointing, retriever and other bird hunting functions; beeper and location functions. Single or multiple dog systems for all skill levels from amateurs to professionals.
- **Location & Route Tracking** Advanced radio direction finding or GPS location with ranges from 2 to 12 miles. New models with long-range training functions. Waterproof transmitters and receivers.
- **Incessant Bark Reduction** Stop nuisance barking without the need for your supervision with Bark Limiting collars. Many models for all temperaments and sizes, even toy breeds.
