## PerfectMatch™

For families with more than one pet. PerfectMatch allows you to match the sensitivity of each collar or vary it if necessary. This is particularly important for pets of different sizes or for those who may need to stay farther behind the boundary than another pet. Only Pet Stop features this type of innovation.

## Worry-Free Lifetime Warranty + AccidentCare\*

Not all Lifetime warranties are created equal. With Pet Stop, not only are you covered for manufacturing defects, but with AccidentCare you're even covered for unexpected or accidental damage for the life of the system.
